

Nazwa przedmiotu z listy dopuszczonych fakultetów	wykłady	seminaria	ćwiczenia	laboratoria	zajęcia praktyczne	OGÓLEM	ECTS
„Who is to blame? Socio-medical side of suicides”		5	10			15	1
3D printing in medicine		9	6			15	1
A child is not just a small adult			15			15	1
Acute Alcohol Poisoning – Biochemical and Clinical Aspects. Drug Interactions. Extracorporeal Toxin Removal Techniques		12	3			15	1
Acute and chronic pain - pathophysiology, clinical evaluation, treatment		12	3			15	1
Allergology in practice			30			30	2
Allergology: clinical cases - theory - practice		15				15	1
Anaesthesia Journal Club - critical appraisal of scientific articles		8	7			15	1
Anatomical dissections	2		13			15	1
Applying neuroscience to mental disorder		15				15	1
Automatic External Defibrillation			15			15	1
Basic Latin and Medical Terminology			30			30	2
Biochemical basis of hormonal disorders	15					15	1
Biochemistry of Cancer	15					15	1
Biological rhythms and civilisation diseases			15			15	1
Cardiologist in Nephrological department - analysis of cases			15			15	1
Cardiologist in oncological department			15			15	1
Cardio-vascular endocrinology		15				15	1
Cardiovascular imaging methods			15			15	1
Clinical and forensic toxicology and basics of preparation of forensic-medical opinions	3		12			15	1
Close a window towards before ghosts. Superstitions in medical practices		5	10			15	1
Contemporary cardiology and beyond			15			15	1
Countering the tobacco industry		10	5			15	1
Current Foot and Ankle Surgery			15			15	1
Dancing - best to rest and distress			15			15	1
Depression, burnout and quality of life			15			15	1
Destino Erasmus, Destination Erasmus			15			15	1
Diabetes in pregnancy and endocrine disorders			15			15	1

Drug interactions with food, dietary supplements and alcohol	5	10			15	1
Echocardiography - interesting cases			15		15	1
Echocardiography in emergency			15		15	1
E-learning in medical education			15		15	1
Electrocardiography for English Students			15		15	1
Famous anatomists		15			15	1
Famous patients in the history and art		15			15	1
Food additives - health aspects			15		15	1
Futile surgery - end of life dilemmas in the clinical practice of a surgical department		15			15	1
Health economics – how much does it cost to be ill?		15			15	1
Healthy lifestyle - health necessity or snobishness		5	10		15	1
How to Establish a Good Contact With a Surgical Patient			30		30	2
How to manage a patient with cognitive impairment?			15		15	1
Immunological mechanisms and civilisational dangers	5	10			15	1
Impact of genomics and transcriptomics development on disease diagnostics		5	10		15	1
Interval training			15		15	1
Introduction to cancer cytobiology			15		15	1
Introduction to regenerative medicine			15		15	1
Introductory course of USMLE		1	14		15	1
Latin and English anatomical terminology			30		30	2
Legal defense of a doctor in court litigation		15			15	1
Main preparatory course for USMLE1 exam		45	15		60	4
Marketing activities in health-allowed or prohibited	5	10			15	1
Mechanisms and pathophysiological consequences of the most dangerous weight-losing methods			15		15	1
Mechanisms of eating disorders and adverse food reactions; how gut and other microbiota affect human pathophysiology			15		15	1
Methodology of diagnostic tests, screening and questionnaires in medicine			15		15	1
Methods in biomedical science with focus on laboratory medicine: from blood work results to diagnosis			15		15	1
Microsurgical Techniques in Orthopaedics			15		15	1
Mock USMLE1 exams		1	14		15	1
Modern Hand Surgery			15		15	1

Molecular anthropology and forensic genetics	3		12			15	1
Multicultural and social dimensions of homosexuality. Public health perspective		15				15	1
Neuromodulation techniques - physiological and pathophysiological mechanisms and clinical aspects			15			15	1
Nordic Walking - way to great shape			15			15	1
Nutrition of women during pregnancy and lactation. Nutrition of healthy and ill children			15			15	1
Oncological endocrinology		15				15	1
Orthopaedics and traumatology of locomotor system			15			15	1
Pathologies and injuries of the spine in children and adolescents			15			15	1
Pathophysiology - Master Class			15			15	1
Pathophysiology bases of understanding the rare, strange and zoonotic diseases			15			15	1
Pathophysiology in action - from case to understanding			15			15	1
Pediatric orthopedics problems.			15			15	1
Poland. Country - culture - history			30			30	2
Polish Clinical Terminology in Hospital Training			30			30	2
Polish Grammar Review			30			30	2
Polish Up Your Polish			30			30	2
Practical and theoretical basis of surgical techniques in paediatric surgery			15			15	1
Practical dissection exercises during forensic autopsies	3		12			15	1
Practice Makes Perfection (ED) - Laparoscopic Skills			30			30	2
Practice Makes Progress - Classic Surgical Skills			30			30	2
Principles of Evidence Based Medicine	6		9			15	1
Psychiatry from 3 to 103 years - mental disorders throughout life			15			15	1
Sarcoidosis as a multiorgan disease			15			15	1
Savoir-vivre - how a bit of culture favors reaching the goal	5	5	5			15	1
Social media in health care - how to promote health skillfully on a large scale	5	10				15	1
Tablets and capsules - what should physician know about dosage forms?	5	10				15	1
Telemedicine	3		12			15	1
The Basics of Medical Massage		3	12			15	1

The philosophy of "Evidence Based Medicine" - the modern paradigm of medical science			15			15	1
The point-of-care laboratory in small medical practice		6	9			15	1
The role of modern and classical laboratory tests in medical practice		5	10			15	1
The role of vitamin D in health and disease			15			15	1
Therapies of the future		15				15	1
Vegetarianism. Vegan. Alternative diets			15			15	1
What do the numbers say - Introduction to Biostatistic	8		7			15	1
Your patient's cognitive function - why, when and how to assess?			15			15	1
Anti-EBM science based on lies		10	5			15	1
Two faces of marijuana			15			15	1
Basic Medical Endocrinology	15					15	1
Surgical treatment and innovative cell therapies in oncology		15				15	1
Human gut microbiota - study techniques, role in pathophysiology of selected diseases and new therapeutic approaches		10	5			15	1
Microscopic differential diagnosis of normal and pathological cells and tissues			15			15	1
Ultrasound examination of the thyroid and parathyroid glands			15			15	1
Ultrasound in critical care medicine		8	7			15	1
Ultrasound in regional anesthesia		8	7			15	1
Food and drugs together-risky or safe menu?		15				15	1
Hematology for Internal Medicine			15			15	1
Sonoanatomy of chest and abdominal organs - ultrasound workshops					15	15	1
Nutritional management in medical practice			15			15	1
Fake news and medical conspiracy theories		15				15	1
Clinical research	5	10				15	1
Lumbar puncture - simulation training		3			12	15	1
Swedish for beginners			30			30	2
Economics of the health - how much does it cost to be ill?	5	10				15	1
How to begin your scientific career in medicine?		15				15	1
