

Kierunek - lekarski *English Division*

Poziom studiów - jednolite studia magisterskie

Rok akademicki 2024/2025

Fakultety

Załącznik nr 2 do Uchwały nr 43/2024 Senatu GUMed z dnia 17 czerwca 2024 r.

Nazwa przedmiotu z listy dopuszczonych fakultetów	Wykłady	Seminaria	Ćwiczenia	Laboratoria	Zajęcia praktyczne	OGÓLEM	ECTS
<i>3D printing in medicine</i>		9	6			15	1
<i>A child is not just a small adult</i>			15			15	1
<i>Acute Alcohol Poisoning – Biochemical and Clinical Aspects. Drug Interactions. Extracorporeal Toxin Removal Techniques.</i>		12	3			15	1
<i>Acute and chronic pain - pathophysiology, clinical evaluation, treatment</i>		12	3			15	1
<i>Allergology in practice</i>			30			30	2
<i>Allergology: clinical cases - theory - practice</i>		15				15	1
<i>Anaesthesia Journal Club - critical appraisal of scientific articles</i>		8	7			15	1
<i>Anatomical dissections</i>	2		13			15	1
<i>Anti-EBM science based on lies</i>		10	5			15	1
<i>Automatic External Defibrillation</i>			15			15	1
<i>Basic Medical Endocrinology</i>	15					15	1
<i>Biochemical basis of hormonal disorders</i>	15					15	1
<i>Biochemistry of Cancer</i>	15					15	1

<i>Biological rhythms and civilisation diseases</i>			15			15	1
<i>Cardiologist in Nephrological department - analysis of cases</i>			15			15	1
<i>Cardiologist in oncological department</i>			15			15	1
<i>Cardio-vascular endocrinology</i>		15				15	1
<i>Cardiovascular imaging methods</i>			15			15	1
<i>Clinical and forensic toxicology and basics of preparation of forensic-medical opinions</i>	3		12			15	1
<i>Clinical research</i>	5	10				15	1
<i>Close a window towards before ghosts. Superstitions in medical practices.</i>		5	10			15	1
<i>Contemporary cardiology and beyond</i>			15			15	1
<i>Countering the tobacco industry</i>		10	5			15	1
<i>Current Foot and Ankle Surgery</i>			15			15	1
<i>Dancing - best to rest and distress</i>			15			15	1
<i>Depression, burnout and quality of life</i>			15			15	1
<i>Diabetes in pregnancy and endocrine disorders</i>			15			15	1
<i>Drug interactions with food, dietary supplements and alcohol</i>	5	10				15	1
<i>Echocardiography - interesting cases</i>			15			15	1
<i>Echocardiography in emergency</i>			15			15	1

<i>Economics of the health - how much does it cost to be ill?</i>	5	10				15	1
<i>E-learning in medical education</i>			15			15	1
<i>Electrocardiography for English Students</i>			15			15	1
<i>Fake news and medical conspiracy theories</i>		15				15	1
<i>Famous anatomists</i>		15				15	1
<i>Famous patients in the history and art.</i>		15				15	1
<i>Food and drugs together-risky or safe menu?</i>		15				15	1
<i>Health economics – how much does it cost to be ill?</i>		15				15	1
<i>Hematology for Internal Medicine</i>			15			15	1
<i>How to begin your scientific career in medicine?</i>		15				15	1
<i>How to Establish a Good Contact With a Surgical Patient</i>			30			30	2
<i>How to manage a patient with cognitive impairment?</i>			15			15	1
<i>Human gut microbiota - study techniques, role in pathophysiology of selected diseases and new therapeutic approaches</i>		10	5			15	1
<i>Immunological mechanisms and civilisational dangers</i>	5	10				15	1
<i>Interval training</i>			15			15	1
<i>Introduction to cancer cytobiology</i>			15			15	1
<i>Introduction to regenerative medicine</i>			15			15	1

<i>Introductory course of USMLE</i>		1	14			15	1
<i>Latin and English anatomical terminology</i>			30			30	2
<i>Legal defense of a doctor in court litigation</i>		15				15	1
<i>Lumbar puncture - simulation training</i>		3			12	15	1
<i>Main preparatory course for USMLE1 exam</i>		45	15			60	4
<i>Marketing activities in health-allowed or prohibited</i>	5	10				15	1
<i>Mechanisms and pathophysiological consequences of the most dangerous weight-losing methods</i>			15			15	1
<i>Mechanisms of eating disorders and adverse food reactions; how gut and other microbiota affect human pathophysiology</i>			15			15	1
<i>Medical jargon in conversation (Spanish)</i>			15			15	1
<i>Methods in biomedical science with focus on laboratory medicine: from blood work results to diagnosis</i>			15			15	1
<i>Microscopic differential diagnosis of normal and pathological cells and tissues</i>			15			15	1
<i>Microsurgical Techniques in Orthopaedics</i>			15			15	1
<i>Mock USMLE1 exams</i>		1	14			15	1
<i>Modern Hand Surgery</i>			15			15	1
<i>Molecular anthropology and forensic genetics</i>	3		12			15	1
<i>Multicultural and social dimensions of homosexuality. Public health perspective</i>		15				15	1
<i>Neuromodulation techniques - physiological and pathophysiological mechanisms and clinical aspects</i>			15			15	1

<i>Nordic Walking - way to great shape</i>			15			15	1
<i>Nutrition of women during pregnancy and lactation. Nutrition of healthy and ill children.</i>			15			15	1
<i>Nutritional management in medical practice</i>			15			15	1
<i>Oncological endocrinology</i>		15				15	1
<i>Orthopaedics and traumatology of locomotor system</i>			15			15	1
<i>Pathologies and injuries of the spine in children and adolescents</i>			15			15	1
<i>Pathophysiology - Master Class</i>			15			15	1
<i>Pathophysiology in action - from case to understanding</i>			15			15	1
<i>Pediatric orthopedics problems.</i>			15			15	1
<i>Poland. Country - culture - history</i>			30			30	2
<i>Polish Clinical Terminology in Hospital Training</i>			30			30	2
<i>Polish Grammar Review</i>			30			30	2
<i>Polish Up Your Polish</i>			30			30	2
<i>Practical and theoretical basis of surgical techniques in paediatric surgery</i>			15			15	1
<i>Practical dissection exercises during forensic autopsies</i>	3		12			15	1
<i>Practice Makes Perfection (ED) - Laparoscopic Skills</i>			30			30	2
<i>Practice Makes Progress - Classic Surgical Skills</i>			30			30	2

<i>Principles of Evidence Based Medicine</i>	6		9			15	1
<i>Psychiatry from 3 to 103 years - mental disorders throughout life</i>			15			15	1
<i>Sarcoidosis as a multiorgan disease</i>			15			15	1
<i>Savoir-vivre - how a bit of culture favors reaching the goal</i>	5	5	5			15	1
<i>Social media in health care - how to promote health skillfully on a large scale</i>	5	10				15	1
<i>Sonoanatomy of chest and abdominal organs - ultrasound workshops</i>					15	15	1
<i>Surgical treatment and innovative cell therapies in oncology</i>		15				15	1
<i>Swedish for beginners</i>			30			30	2
<i>Tablets and capsules - what should physician know about dosage forms?</i>	5	10				15	1
<i>Telemedicine</i>	3		12			15	1
<i>The Basics of Medical Massage</i>		3	12			15	1
<i>The point-of-care laboratory in small medical practice</i>		6	9			15	1
<i>The role of vitamin D in health and disease</i>			15			15	1
<i>Therapies of the future</i>		15				15	1
<i>Two faces of marijuana</i>			15			15	1
<i>Ultrasound examination of the thyroid and parathyroid glands.</i>			15			15	1
<i>Ultrasound in critical care medicine</i>		8	7			15	1

<i>Ultrasound in regional anesthesia</i>		8	7			15	1
<i>What do the numbers say - Introduction to Biostatistic</i>	8		7			15	1
<i>Who is to blame? Socio-medical side of suicides</i>		5	10			15	1
<i>Your patient's cognitive function - why, when and how to assess?</i>			15			15	1
<i>How to properly interpret an ECG on the OSCE practice exam?</i>		15				15	1
<i>Biology of infertility</i>		15				15	1
<i>Aesculapius comes to Python, how not to go crazy from data overload</i>				15		15	1
<i>Biomedical data in the age of artificial intelligence</i>		15				15	1
<i>Cortisol from a clinical perspective</i>		10	5			15	1
<i>Endocrinology for LEK</i>		10	5			15	1
<i>Narrative Medicine</i>		15				15	1
<i>Philosophy of psychiatry</i>		15				15	1
<i>Computer data analysis in epidemiological and clinical studies</i>			15			15	1
<i>Medical jargon in conversation (French)</i>			15			15	1
<i>Effective physical recreation</i>			15			15	1
<i>Yoga - theory and practice</i>			15			15	1
<i>Prescribing - legal and practical aspects</i>		15				15	1

<i>Spirituality in medicine</i>		15				15	1
<i>Entrepreneurship in health services</i>		15				15	1
<i>How Did Alexander the Great Die? - Pathogens in Human history</i>		15				15	1
<i>Interprofessional coordinated health care in nursing and medical teams</i>	5		10			15	1
